Dr. Marc Snell is the current President of the International Society for Occupational Ergonomics and Safety (ISOES) and he will continue ISOES' Mission of globally promoting research, education and sound professional practice of ergonomics and safety. Since 2015, he has contributed to achieving ISOES' Vision by publishing the annual/semi-annual newsletters as Newsletter Editor, managing the ISOES website as Webmaster, and facilitating the ISOES blog.

Dr. Snell received his PhD in Human Factors Engineering and Ergonomics from Virginia's Polytechnic Institute and State University. See [Curriculum Vitae](#). His dissertation focused on the application of biomarkers, proteins, and other molecules found in the blood, which indicate muscle and cartilage damage as a tool for objective musculoskeletal order prediction. As Engineer, Senior Engineer, and Managing Engineer for JF Associates Inc. in Washington DC until 2017, Dr. Snell provided consulting services for a wide variety of industries, including aerospace, automobile, military, transportation services, and office settings. Dr. Snell is a Certified European Ergonomist (Eur. Erg.), currently works as an Ergonomics Specialist at the BMW Group in Munich, Germany and is the Principal and Founder of [ergonomos CS](#), a boutique ergonomics consulting company located in Munich, Germany.
